

COMMENT FROM THE BRITISH CHAMBER OF COMMERCE SINGAPORE  
ON THE RESULTS OF THE UK'S GENERAL ELECTION

**Notes for editors: The following statement is to be attributed to The British Chamber of Commerce Singapore and to be used in its entirety for context.**

**December 13, 2019:** The British Chamber of Commerce Singapore congratulates the Prime Minister on his definitive election victory. It is important now for politicians and decision-makers to come together to create and implement a clear plan for the UK's future growth. Consideration should be given to economic stability and the avoidance of market access barriers which are critical as the country seeks to renegotiate terms with its key trading partners across the globe. The British Chamber recognises the significant opportunity this will create for British businesses and for our members' growth and works closely with the business community and key stakeholders to support British businesses who seek local market information and support.
