This is achieved by working alongside Government, our partners and our engaged members to deliver services, committee participation, activities and opportunities throughout the year.

Within our services to the British business community, we focus on five broad themes - the [Future of Trade](#) (creating jobs and boosting economic growth in Singapore), the [Future of Work](#) (supporting talent and the enhancement of people to support business growth), [Diversity & Inclusion](#) (ensuring that rich and diverse workforces are working together to support business innovation and growth), [Education & Learning](#) (focusing on quality education and future skills that businesses will require), and sustainability through our [Road to Net Zero campaign](#) (encouraging businesses to do their part for a world that we all want to live in in the future). We also maintain a [Covid-19 Information Hub](#) resource.
