**British Theatre Playhouse - Big Girls Don't Cry  
"Art for Charity" Gala Reception, Dinner & Show**

**Friday 21st October 2022, 6.30 pm onwards**

**Dear Friend,**

We want to invite you, your friends and associates to our first live Gala event for three years. The British Theatre Playhouse (BTP) will present its "Art for Charity" Gala show and dinner event on Friday 21st October 2022, in aid of the #Engage Initiative managed by TRCL. (This is the second time that BTP is supporting a cause of TRCL: in 2018, BTP supported The Business Times Budding Artists Fund, also managed by TRCL).

Be transported into another world – joy, love and connection - and enjoy an evening with *"Big Girls Don't Cry"* from London's West End. The delightful gala event will open with a welcome Queen's Platinum Jubilee cocktail reception followed by a sit-down dinner and the show, *"Big Girls Don't Cry"*.

Held inside the Grand Ballroom of One Farrer Hotel, this glamorous dinner event for a meaningful cause will be attended by the British High Commissioner, H.E. Kara Owen and by those many of you in Singapore that enjoy a wonderful evening of live entertainment.

Your participation will help disadvantaged children and uplift our youth community.

**About the charity - #Engage Initiative Fund**

We will be raising funds for the TRCL (The Rice Company Limited with IPC status in Singapore) #Engage Initiative which aims to bridge the digital divide that was highlighted during the recent Covid-19 public health crisis. Through a collaboration with the Ministry of Education (MOE) during the difficult times we endured during 2020, TRCL noted three gaps in society: a lack of access to digital devices among certain groups; a lack of digital literacy; a need for wholesome and original creative content.

As such, the #Engage Initiative aims to build a digitally inclusive society through:

- Developing programmes which allow beneficiaries to experience immersive digital art content to create awareness and interest in the potential and possibilities of digital art technology
- Developing arts and culture programmes (including online programmes) which allows for digital art engagement, engender creativity, inspire the acquisition of new skills (including digital skills) and art creation content
- Developing an online arts platform which showcases the creativity and voices of children and youth to the community

Since 2020, the #Engage Initiative has reached out to over 1,350 children and youths across 74 primary and secondary schools in Singapore.
